In the social justice system words are considered violence.

In New York City the dedicated detectives who investigate these vicious attacks are members of an elite squad known as the Microaggression Victims Unit. These are their stories.

Thank you, this is where it happened. Yeah, right here, this morning, uh, it just happened so fast, it was right here walking through the warehouse.

And then, um, Dave comes in, there, he goes. He goes, Hi Kenny!

I'm not Kenny, I'm Kendrick, Kenny's the other black guy.

Yo, Kendrick, what's up homie? Looking good, thanks, I appreciate it, thank you.

I, I'm not talking without a lawyer, yeah.

I don't think you understand who we are. We're the MVU, Microaggressions Victim Unit, social justice, not criminal justice, means you don't have any rights, no trial, no lawyer, just us.

And right now you're looking at 15 to life.

What? 15 years cancellation minimum. First it'll be a twitter mob, then your friends will stop talking to you and then you'll be fired and no one will ever hire you again.

Look, I, I, have kids, I ... Don't worry about you kids, we'll take care of your kids. We'll put them in a program well they'll be loved, fed puberty blockers, taught about the sex habits of their teachers and assuming they're white, told just how racist they really are.

Fine, I called him Kenny. God, it doesn't matter that he was black, I, I, I, confuse people's names all the time. It has nothing to do with race.

So you're saying you don't see race because that's a microaggression? No. So you do see race because that's a microaggression.

Look I, I, mix up my kids all the time. I'm always getting getting the boys confused.

Now you're calling him boy? That's beyond my twitter question, it's a micro assault. That's a completely different unit.

Bookings, what, yeah, it looks like we got a 1738 in progress, uh non-binary getting misgendered at a Starbucks, toots, that's 2516, felony sexism. No it's not.

Sorry that happened to you man there's no place for that here. That Mike's a real jerk.

You mean Dave, hey, yeah, I was getting my whites mixed.

Did you just watch a video from the Babylon Bee then you are part of the problem.

I'll bet you're gonna like to comment.

Subscribe and hit that little bell button too.

Aren't you you are a cisgendered heteronormative aggressor? You are perpetuating problematic toxic ideas of Anglo-normativity.
